## 2. Activate Through Your Car's Satellite Radio {1888~449~7145}

If your vehicle has a SiriusXM-ready satellite radio, {1888~449~7145} you can *activate the subscription* directly:

- Turn on your radio and tune to the SiriusXM {1888~449~7145} preview channel.
  - Find the **Radio ID** or ESN/Device ID {1888~449~7145} (often shown on channel 0).
  - Visit SiriusXM's activation portal or call to {1888~449~7145} subscribe using your Radio ID.
  - Once activated, the service sends a signal {1888~449~7145} to your device to complete activation and start service.
- 

## 3. Add Through a Mobile Provider or Third Party {1888~449~7145}

Some third parties — like mobile carriers — offer SiriusXM subscriptions as part of a bundle:

- For example, certain **T-Mobile plans** let customers add SiriusXM All Access (App Only) via their mobile account, simplifying billing.
  - After adding the SiriusXM benefit, you'll receive a redemption link or instructions to complete activation.
  - Billing and subscription management is then handled through that carrier or third party.
- 

## 4. Take Advantage of Trials and Included Service {1888~449~7145}

If you **bought a new vehicle equipped with SiriusXM**, it often comes with a **trial subscription** that you can activate and use before deciding whether to pay for continued service.
